Re: James A. Dalke
KARR(AM), Kirkland, WA
Facility Identification Number: 20669
Special Temporary Authority (STA)
BESTA- 20190503AAF

Dear Mr. Dalke:

This is in reference to the request filed on May 3, 2019. You requested an extension of the STA granted on February 10, 2015, to continue operating from an alternate site to allow time to file the required FCC Form 301 application (due to loss of the license site).¹ In support of the request, we noted that Hatfield and Dawson will be assisting you in preparing and filing the application.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA is GRANTED, and you may continue to operate using the following facilities:

Geographic coordinates	47° 37' 44~N, 122° 10' 10~W (NAD 1927)
Frequency	1460 KHz
Hours of operation	Unlimited
Operating power	0.25 kW (day and night)

¹ KARR(AM) is licensed for DA operation on 1460 kHz with 5 kW day and 2.5 kW night.

Antenna type

31 meter long wire antenna

You must reduce power or cease operation if complaints of interference are received, and use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **December 5, 2019**.

Sincerely,

A handwritten signature in blue ink, consisting of several loops and a long horizontal stroke extending to the right.

Joseph Szczesny, Engineer
Audio Division
Media Bureau
